OPEN CALL FOR INDEPENDENT ARTISTS

Exhibit your work. Meet your audience.
Become part of a curated art programme and market.

Atrium Arts Galleria invites independent artists to take part in our group exhibitions in Berlin and to become part of a growing programme connecting artists with audiences, collectors and art buyers.

Our programme combines two weekly exhibition events with a monthly, sales-focused gathering: the Atrium Arts Art Market Day, hosted at the gallery on one Sunday each month.

01 · WEEKLY GROUP EXHIBITIONS

We organise two group exhibitions every week, each featuring four selected artists.

03 · ARTISTIC FREEDOM & CURATION

There are no assigned themes. We welcome artists to present work that reflects their own creative vision and artistic practice.

We are open to painting, photography, illustration, drawing, print-based work and other visual art forms suitable for the gallery setting.

Works are reviewed and selected by the gallery for each exhibition. Each weekly group exhibition features four selected artists.

04 · FROM EXHIBITION TO ART MARKET

The Atrium Arts Art Market Day is a monthly opportunity for artists to present and offer their work directly to visitors, collectors and people interested in discovering and purchasing art.

It creates another way for artists to meet potential buyers, build relationships and continue presenting their work beyond the exhibition opening.

How artists are considered

- Artists participating in the Atrium Arts Galleria programme may be considered for upcoming Art Market Day editions.
- Participation in a specific edition is subject to the gallery's curatorial selection and available space; it is not automatic.
- Selection considers the artwork, its presentation and its suitability for the market's overall curated offer.
- The gallery will communicate selected works and practical participation details ahead of each edition.

Who will attend?

We aim to invite collectors, art buyers and visitors interested in discovering and purchasing original art. The market is intended to create a focused environment for meaningful encounters between artists, artworks and potential buyers.

PLEASE NOTE Being part of the programme or eligible for consideration does not guarantee inclusion in every monthly edition. Market-specific details, including presentation format, schedule and sales conditions, will be shared before artists confirm their participation.

06 · OUR VISION

Atrium Arts is a contemporary art platform and creative community connecting independent artists with exhibitions, audiences and opportunities. Through our Berlin gallery, artist network, events and wider platform, we aim to create lasting connections between artists, art lovers, collectors and partner spaces.

We want to build more than a place to exhibit. We are developing a meeting point where art can be discovered, discussed, experienced and collected — and where artists can grow together as part of an international creative community.

WE BELIEVE IN ART. WE CONNECT ARTISTS.
WE BRING ART CLOSER TO COLLECTORS.

Thank you for considering becoming part of Atrium Arts Galleria. We look forward to discovering your work and welcoming you to our artistic community.
